

FROM THE PRINCIPAL, KATHY LLOYD-PARKER

Welcome to Term Three.

Option Choices

As noted in the Bulletin a month ago, I worked the school holidays so that parents had time to meet with me one-on-one about Option choices for all girls in Years 10 – 11. I thank sincerely those who took the time to come in and I am sure it was useful as we were able to carve out a course for each girl. Unfortunately, I will not be available for interviews next week from Tuesday onwards and the forms are due in on Friday 10 August. My suggestion is that the forms are completed to the best of your knowledge and that a note is placed on them that you would like to discuss this. I will then make time the following week to address each concern.

Plagiarism

It is with sadness that I write again about plagiarism. Every girl in the Senior School especially has been told about plagiarism and the need for work to be their own. They also know how to quote and footnote. This week again, we have had two more cases of plagiarism where the girls concerned will not receive any grades for their work. Parents writing to explain that their daughter has been busy is unfortunately no excuse and in the years ahead tertiary institutions will take no notice of this. Please can all parents reinforce what the School has been communicating about work that has been submitted for assessment marking. Every piece of work is checked for plagiarism and therefore cannot be marked or gain any grade if the work is not authentic. Your support will go a long way to ensuring high standards and sound skills for future study.

Preschool Uniform

I wish to thank parents of Preschool students for addressing the uniform concerns. We have a uniform for a purpose and take great pride in the way our students present themselves. Your help has been appreciated and I look forward to seeing a high standard of uniform continue.

Years 7 and 8 Dance

Last term in Year 7 and 8, there was a subject change for these levels and students began taking Dance. Year 7 have had a wonderful term exploring Cheerleading and Latin American with Year 8 looking at Bollywood and exploring the connection between movement and sport. Across both levels, we have focused on developing a range of motion, co-ordination, strength and endurance. These Units have also fostered social encounters, interaction and co-operation between the girls. It was also wonderful to have 7C perform recently in the Middle School Assembly with their group routines in Cheerleading. They performed so well and it was lovely to see their confidence flourish.
