## PRESCHOOL

Term Three has seen the Kotare and Kea groups busy in Physical Education doing lots of gross motor skills such as running, jumping, skipping, catching and throwing.

Sometimes we take the long way round to get to the Jubilee Centre and we follow the leader going through and in and out of the playground, hop through the hopscotches, walk under the trees and over the log walk. Once inside we use hoops, wall-bars, benches, scoop-ball, large balls, ladders and ropes. It is fun to put these into an obstacle course and see all of these fundamental skills in action. Our favourite game on the way back is a tag game on the coloured tiles.

## PRIMARY SCHOOL

### Year 1

It is always exciting when a child starts at Chilton and they see the joy in learning. These children are thinking about a time when they were 'risk takers'. It is through these moments when children are exploring 'play' that they are able to learn, grow and develop across all areas – physical, cognitive, social and emotional and enrich their life experiences.

Sophie Reid talked about 'risk taking' in her writing "I tried to climb a tree."

Sophia Soulsby said "I climbed up the tree and I fell out. It hurt."

Possumus *We are able*

Meanwhile Le Grand Chef, Ken fixed pasta and garlic bread for the girls and later, some fantastic steaks for the grownups. Kurt and Donald worked hard at chopping wood, building a warm fire for the night and making sure the girls were well fed and safe. These dads were legends!

The next morning, we woke up and were all pretty cold so we quickly ate breakfast, heaved our packs onto our shoulders and headed back across the river. The girls enjoyed creating art using natural materials they found along the riverbank and after that we headed home. The girls showed enthusiasm, co-operation, care and a lot of resilience. Carrying a heavy pack for 2½ hours is a mighty feat for any nine year old. Our girls did this without complaining. Well done girls!

Hannah Chrystall said "I started on trainer wheels when I was four years old."

Leja-D Du Toit said "I am learning to ice skate."

## MIDDLE SCHOOL

### Year 10 Young Enterprise Market Week

The Year 10 Business Studies classes had the opportunity to showcase their entrepreneurial skills this week.

Market Day occurred on Monday to Wednesday with eleven groups selling different items that they made from scratch and/or personalised with their own distinctive creative flair.

The girls made lots of sales with 20% of their net profit donated to our 'Girls for Girls: Malala Fund'. Congratulations to these budding entrepreneurs for a very success Market Week!

Sofie Taylor said "I couldn't swim and then I could stand up."

These children understand that every day they will build their capabilities and explore their potential.

### Weekly Certificates

Congratulations to the following girls who achieved certificates this week. These certificates will be awarded at our Assembly next term. What a fantastic effort girls!

- Year 1 Aarzo Pathania, Sophia Stone
- Year 2 Harper Gilles, Krithikaa Karthukayan
- Year 3 Alisa Fleisher, Kate Shan
- Year 4 Hebe Lin, Maisy Neilson
- Year 5 Phoebe Bridger Atkins, Isla O'Connor-Williams
- Year 6 Anika Anderson-Peneha, Emily Yang.

### Year 5 Overnight Camp – Report from Ms Eva Blush

The Year 5 girls had a great time this week-end. Eight girls along with three fathers hiked to Raukawa Hut, located in the Catchpool Valley (Remutaka Forest Park). Along the way, we spied a Kaka bird and marvelled at the towering Rata trees. Crossing the Orongorongo River was one of the many highlights for the girls – although they got their feet and legs wet, there were many giggles and exclamations of "When can we do it again?". After the girls unpacked, they built some bivouacs (shelters).
